

Private Fish Hatchery Advisory Committee

The formation of an advisory committee to address concerns of both the Department and the private aquaculture industry in Oregon has been determined to be beneficial.

The following proposed committee structure would include up to 12 members from a variety of interests. In initial draft form these could consist of:

1. Private trout production of more than 20,000 pounds per year.
Ethan Negus*
2. Private trout production of less than 20,000 pounds per year.
Drew Hansen*
3. Warm water fish production
Kathy Bridges*
4. Educator with experience in fish biology
Todd Hanna*
5. Oregon Department of Fish and Wildlife
Guy Chilton*
6. Oregon State University Extension Service
Michael Thompson*
7. Oregon Department of Agriculture
Dalton Hobbs*
8. Private aquaculture association
Clint Bentz*
9. Fish Pathologist
Tony Amandi*
10. Private Consumer/Restaurant owner
Unknown*
